Highlights from the VT BoS CoC Ranking Committee's initial project funding/ranking determination:

- The Ranking Committee made all decisions based upon scores, as well as policy set for creating this ranking order.
- The highest scores placed at the top of the ranking order, followed by renewals that do not have APRs or reporting on yet due to just starting.
- Due to poor utilization of the current grant, the Ranking Committee placed VSHA's Statewide Rapid Rehousing to straddle tiers.
