

SECTION 7: EVALUATION

Once the Local Coordinated Entry Partnership has been implemented, the local CoC and the VCEH will regularly evaluate its effectiveness. Lessons derived from these evaluations will be used to further improve the coordinated entry process.

VCEH will evaluate the coordinated entry process primarily through local CoC implementation, but will also consider aggregate data.

At least annually, each Local CE Partnership will:

- Survey all local Partners to solicit feedback on how well the Local CE Partnership is being implemented, and
- Collect feedback on the coordinated entry process from consumers through a focus group or survey.

The VCEH will establish uniform questions to support this evaluation process.

Every 6 months, the VCEH Coordinated Entry Committee will review the following data points for each local CoC and the aggregate Balance of State CoC:

- The number of Coordinated Entry Partners, and type (by services provided, not unduplicated: Outreach, Prevention, Emergency Shelter, Transitional Housing, Rapid Re-housing, Permanent Supportive Housing; and by Coordinated Entry Role: Lead, Assessment, Referral, Other);
- # of referrals received by the Lead Agency
 - #/% of households with an initial outreach date within 3 days
 - Average # of days between referral and initial outreach
- The number of assessments completed (e.g, the number of households placed on the Master List during the time period), including:
